

From 10 to 20 of October in the Institute of information technologies and computer engineering master's degree skilled works defence had been passing.

“The works of InITCE masters, presented to defence were execute on the high enough scientific-methods level”, – marked the director of InMAD Mokin V.B. Master's degree works carry the applied character, contain suggestions and innovation in the region of conversion the information forms, analog circuit technique, computer graphics, information protection, intellectual systems of making a decision.

Gavenko O. V., Vlasyuk R. S., Shabatura M. Y.

Dudnik O. V., Teplickiy M. Y., Mikhaylova I. I., Obidnik M. D., Goncharuk O. P.

The master's results of skilled works defence in scientific direction are pointed in the table below.

Nº

FPS

Speciality

Topic

Scientific tutor

Mark

1.

Dudnik A. V.

8.091501 "Computres systems and networks"

Methods of direct and reverse transformations "a working code – a digital equivalent" in ADC and DAC v

Azarov O. D., d.t.s., professor.

perfectly

2.

Teplickiy M. Y.

8.091501 "Computres systems and networks"

Method of circuit technique analysis of analog devices in the format of SPICE with the guided generator

Azarov O. D., d.t.s., professor.

perfectly

3.

Vlasyuk R. S.

8.080403 "Automated systems software"

Methods and programs facilities of alternative presentation of sizes and recognition of visual information

Petukh A. M., d.t.s., professor.

perfectly

4.

Gavenko O. V.

8.080403 "Automated systems software"

The automated system of optimum decisions searching with the use of facilities of the graphs theory

Voitko V. V., c.t.s., assistant professor.

perfectly

5.

Obidnik M. D.

8.080403 "Automated systems software"

Methods and facilities of the high-gone detailizion three-dimensional objects

Romanuyk A. N, d.t.s., professor.

perfectly

6.

Goncharuk A. P.

8.080403 "Automated systems software"

Methods and facilities of the synthesis paralleling of the three-dimensional objects

Romanuyk A. N, d.t.s., professor.

perfectly

7.

Mikhaylova I. I.

8.091501 "Computres systems and networks"

Simulation models of risks evaluation in the computer systems

Zakharchenko C. M., c.t.s., assistant professor.

perfectly

8.

Shabatura M. Y.

8.091501 "Computres systems and networks"

ADC of the digit-by-digit balancing with gravimetric surplus with indemnification of second family dynam

Azarov O. D., d.t.s., professor.

perfectly

9.

Kulemin D. Y.

8.080404 "Intellectual systems of making a decision"

Information technology of automation process of ecological information treatment and support of making

Mokin V. B., d.t.s., professor.

perfectly

10.

Kulchickiy A. V.

8.160105 "Information protection in the computer systems and networks"

Compressions methods on the basis of functional dependences

Luzheckiy V. A., d.t.s., professor.

perfectly

11.

Voznyuk A. V.

8.080404 “Intellectual systems of making a decision”

Information technology for leaders rule-making of liquidations of technogenic extraordinary situations on

Perevoznikov S. I., d.t.s., professor.

well

Triumphs concerning handing of diplomas and issue of scientific direction master's degrees will take a place on October, 29 in the assembly hall of VNTU. We wish to the young research workers a persistence, life-breaths and success.
